Re: Centennial High School  
6901 Coit Road

To Whom It May Concern:

Next year's anticipated student population at the above referenced campus creates a temporary need for (4) 24' X 64' portable classrooms. Corgan Associates, the district architect, is preparing documents to add permanent classrooms on the north and south side of the building to address long term classroom needs.

If I can answer further questions, please don't hesitate to call.

Sincerely,

Blake Vaughn  
Director of Maintenance  
Frisco ISD
